Measure Diagram D-11
2 PIECE DRIVESHAFT MEASUREMENT

Measure Driveshaft Components:
Note: Vehicle should be measured with wheels and axles under normal load with rear end supported on safety jack stands as if the vehicle was sitting normally on the roadway. The rear end should never be measured with the rear suspension hanging down out of normal position.
Note: If you need help or are unsure, please call our professional staff to answer your questions.

This diagram is to illustrate measurement for:
Van and Pick-up 2 piece driveshafts with center support bearing

#1 What is the overall measurement from the center of the support bearing mount ___________ ___________ Inches to the flat surface on the trans yoke as shown in Fig 1

#2 What is the overall measurement from the center of the support bearing mount ___________ ___________ Inches to the flat surface on the pinion yoke as shown in Fig 1

#3 How wide is the front u-joint including caps outside to outside? _________________ 3-7/32 3-5/8 Circle One
Option 1: Measuring the pinion yoke with locating tabs / between tabs measurement is ___ 3-7/32 3-5/8 Circle One
Option 2: Measuring pinion yoke without locating tabs / measurement across yoke is ___ ___________ Inches Measure outside to outside of yoke

#4 How wide is the rear u-joint including caps outside to outside? _________________ 3-7/32 3-5/8 Circle One
Option 1: Measuring the pinion yoke with locating tabs / between tabs measurement is ___ 3-7/32 3-5/8 Circle One
Option 2: Measuring pinion yoke without locating tabs / measurement across yoke is ___ ___________ Inches Measure outside to outside of yoke

#5 What is the u-joint cap diameter that fits into trans yoke? _________________ 1-1/16 1-1/8 1-3/16 Circle One

#6 What is the u-joint cap diameter that fits into pinion yoke? _________________ 1-1/16 1-1/8 1-3/16 Circle One

#7 The trans yoke has locating tabs __________________________________________ YES NO Circle One

#8 The pinion yoke does not have locating tabs ____________________________________ YES NO Circle One
